***Cultivating Better Schools • Harvesting Brighter Futures***

**Give BIG! is a fundraising collaboration between the St. Helena Public Schools Foundation and the Parent Teacher Groups of St. Helena's four public schools. Together we work to strengthen our community by enhancing the educational opportunities for all students in the St. Helena Public School system.**

**Protecting our community, ensuring our future:**

Our school district is small, but its impact on our community is immeasurable.

No doubt you have family members and friends who have gone to St. Helena Public Schools, or perhaps you are an alum yourself! Your neighbors, coworkers, and clients have children in our schools, and local businesses are staffed with St. Helena graduates. How many of the crucial people in your world have a link to St. Helena Public Schools? How would your life be different if our schools didn't offer the exceptional education we've all come to expect and rely upon?

St. Helena has a vibrant local industry in a stunning bucolic environment, but there are challenges on the horizon. Our town needs citizens who know more than basic math and English; we need creative problem solvers and articulate communicators. We require scientists who have a passion for agriculture, and artists who wouldn't mind fighting fires on the side. If we are to remain strong, we need the students of today to be the leaders of tomorrow.

Measure the enormous impact that our public schools will have on the future of this town, for better or for worse, and consider becoming a Sustaining Sponsor today. With your support, the St. Helena Public Schools Foundation and each site's Parent Teacher Group can continue to work within the district to provide the level of education that this town deserves, and that our future wellbeing will require.

Please take a moment to look through this informational package and let us know how your family or business can help support our schools and ensure St. Helena's future.

Thank you for your time and consideration,

Coco Lopez Anagnostakis  
Committee Chair, Give BIG!  
Vice President, St. Helena Public Schools Foundation

## Give ENRICHMENT

Funds raised by Give BIG! and the St. Helena Public Schools Foundation are crucial to enriching our students' educational environment. We underwrite experiences that expand our students' understanding of subject matter by funding field trips, guest lecturers, performances, grants, and more. With the money raised, St. Helena High School students are even able to attend classes at Pacific Union College, earning college credits before they've graduated high school! That's real enrichment.

## Give OPPORTUNITY

St. Helena is a well-heeled town with a well-funded school district, but did you know that nearly 50% of our students qualify for free or reduced lunch? Not everyone in our town has equal access to resources, but every child who attends St. Helena Public Schools will have the opportunity to go on the 5th Grade Nature Camp Trip and the 8th Grade Yosemite Trip. We help send Drama students to New York, and Science students to Catalina. St. Helena Schools offer our students the opportunity to experience things and visit places they just wouldn't be able to otherwise, and it's your donation to GiveBIG! that makes those opportunities possible.

## Give COMMUNITY

St. Helena is a tight knit community, and our schools are at the heart of so many things that we hold dear. We all make a point of coming out for the Homecoming Parade, and everyone knows the Spring Musical is the hottest ticket in town. Many of you have been to a graduation ceremony at one of our school sites (or are graduates yourselves) and the whole neighborhood enjoys the free Kid Zone at the St. Helena Harvest Festival! All of these traditional local events (and many more) are funded by your donations to Give BIG!, so our students and our community thank you.

## Give CULTURE

We believe a complete education should include arts and culture, but after academic requirements, money from the district isn't always there. GiveBIG! donations and private grants to the St. Helena Public Schools Foundation have enabled our students access to vital arts education and materials. Donations to GiveBIG! support the Theater, Music, Video, & Visual Arts. We've even sent young aficionados to off-campus programs where they can hone their talents and expand their skills. We fund field trips to museums, theatrical performances, and cultural events, as well as supporting our performing arts students in vocal and band competitions throughout the state.
